Features & benefits

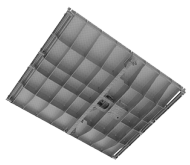

Hinged for OH&S

GMS cover range is hinged to meet OH&S standards, ensuring a safe and easy lift of the covers.

Encasement options available

Our GMS covers have various encasement options available to ensure that your cover fits precisely with your pit of choice.

Full specifications

Material	GMS covers are constructed from galvanised mild steel to prevent premature rust and corrosion, thereby increasing the lifetime of the cover. GMS material provides a strong and robust solution for asset protection.
Load Rating	GMS covers are manufactured a Class D load rating (ultimate limit state design of 240kN) under the Australian Standard AS/NZ 3996, making GMS covers suitable for Defense, Prisons, and anything requiring high security.
