

PIT INJ P1 10151 BLK

Product Code: VP0151XA

Injection moulded P1 Pits are Telstra-approved, lightweight alternatives to traditional concrete pits, designed for fast, reliable installation across telecommunications, energy and transport networks. Made from durable injection-moulded polymers, they offer strong structural performance with a wide range of composite, concrete and GMS covers.

 MATERIAL
High Density Polyethylene (HDPE)

 SIZE
475mm (L) x 198mm (W) x 364mm (D)

 LOAD RATING
A

Features & benefits

Full specifications

Lightweight Construction for Faster Installation

Injection-moulded polymer pits are significantly lighter than concrete alternatives, reducing manual handling risks and allowing crews to install pits quickly without heavy machinery. This improves onsite efficiency and lowers overall project costs.

Telstra-Approved Durability and Performance

Engineered to withstand demanding network conditions, P1 Pits meet Telstra's rigorous standards for strength, stability and long-term serviceability.
